

GAURAV KUMAR YADAV

Mobile App Developer | Native App Specialist

+91 9559908726 @ yaduvanshiigaurav086@gmail.com

https://bento.me/gaurav-kumar-yadav Gorakhpur, India

PROJECTS

Open Source Fitness Tracker

Contributed to developing new features for a community-driven fitness tracking app, enabling social sharing of workout routines.

SwiftUI Collaborative Todo App

Co-created a simple yet powerful collaborative todo list app designed with SwiftUI to demonstrate real-time data sync.

ACHIEVEMENTS

⚡ Recipient of the Developer Innovator Award

Awarded for outstanding innovation in mobile app development and significant contribution to app performance enhancements.

🏆 Mentored Winning Team at Hackathon

Guided a team of new developers to first place in a regional coding hackathon with an app that solved local transportation issues.

☆ Published Technical Articles

Authored several well-received articles on advanced Swift techniques and iOS performance optimization.

SKILLS

Android · Native Mobile Development ·

API Integration · UI/UX Design

SUMMARY

With over 2+ years of professional experience, I have honed my expertise in Android app development. My career highlights include leading the creation of apps that significantly improved user engagement and market responsiveness. I bring a proven track record of successful app launches and innovation.

EXPERIENCE

Android Developer

05/2022 - Present

Youhaveme

Remote, Gorakhpur
India

- Developed and maintained high-quality mobile applications for e-commerce platforms leading to a 35% increase in user engagement
- Implemented innovative features using Swift, which contributed to a 20% growth in monthly active users
- Optimized existing code for better performance and reliability, reducing crash rates by 15%
- Collaborated closely with the UI/UX design team to create intuitive interfaces that improved customer satisfaction ratings by 25%
- Integrated advanced analytics tracking which provided actionable insights leading to a 30% increase in conversion rates
- Led a small team of developers in an agile environment, ensuring timely delivery of updates, resulting in a 40% decrease in time to market for new features

Android Developer

05/2023 - 2024

NET Technologies

Remote, Delhi, India

- Collaborated on the development of a health and fitness app, oversaw performance improvements that increased user retention by 10%
- Enhanced data synchronization across devices, ensuring a seamless user experience, and boosting app ratings by 0.5 stars on the App Store
- Restructured app architecture for scalability, handling 100,000+ daily active users efficiently
- Mentored junior developers in Swift best practices, improving team productivity by 15%
- Led the integration of the latest iOS features, keeping the app ahead of competitors and maintaining a 4.7+ star rating

Junior Android Developer

08/2022 - 01/2024

CODEPLEX

Remote,
Rajasthan, India

- Contributed to the design and implementation of a popular social media app with over 500,000 downloads
- Optimized memory usage and reduced app launch time by 20% through efficient coding
- Participated in code reviews and debugging sessions, improving code quality and reducing bugs by 10%
